Division Administrator.

WASHINGTON, D.C.,
April 20, 1934.

REPORT TO THE PRESIDENT

The PRESIDENT,
The White House.

SIR: This is a report on the Proposed Amendments to the Code of Fair Competition for the Special Tool, Die, and Machine Shop Industry, on which a Public Hearing was conducted in Washington on March 23, 1934, in accordance with Article VIII of said Code as approved on November 17, 1933.

Two amendments were proposed by the Industry, amendment Number 1 being a change in the definition of "Industry" in Article II of the Code, and amendment Number 2 being a change in Article VI, Administration, requiring each member of the Industry to bear his or its proportionate share of the cost of administering the Code.

The Industry requests that amendment Number 2 be approved and that amendment Number 1 be withheld.

No change has been made in the labor provisions.

FINDINGS

The Assistant Deputy Administrator in his final report to me on said Amendment to said Code having found as herein set forth and on the basis of all the proceedings in this matter:

I find that:

(a) The Amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act, including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7 and Subsection (b) of Section 10 thereof.

(c) The Amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(d) The Amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(e) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said Amendment.

For these reasons, this Amendment has been approved by me.

Respectfully,

HUGH S. JOHNSON,
Administrator.

APRIL 20, 1934.
